Proposal for ‘Designing Logo & T-Shirt/Jacket Design for Jarvis.’

1. Introduction

The Jarvis Technology Club is organizing a Logo & Jacket Design Competition to encourage creativity and innovation among students. This competition provides an opportunity for participants to showcase their graphic design skills by creating a logo and jacket design that represents the Jarvis Technology Club and the university. The event aims to engage students in a fun, competitive, and skill-enhancing experience.

Through this competition, students will apply their creativity, critical thinking, and design skills to craft visually appealing and meaningful designs. The winning design will be officially recognized and used as part of the club’s branding, allowing students to leave a lasting impact on the university community.

2. Objectives

- To encourage students to showcase their creativity in logo and jacket design.
- To enhance students' graphic design skills and branding awareness.
- To provide a platform for students to contribute to the university’s branding.

3. Purpose of the Event

- The competition aims to design an official logo and jacket that represents the club/university.
- The winning design will be selected based on creativity, originality, and relevance to the university’s theme.
